Single Handle Kitchen Faucet

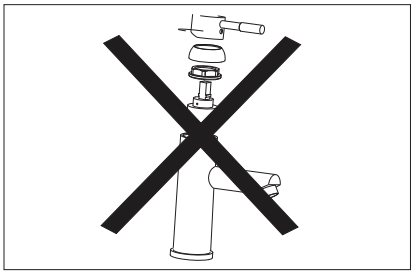
BEFORE YOU BEGIN

1. Open the product packaging; check for all parts according to the parts list. If you are missing any parts, please contact us.

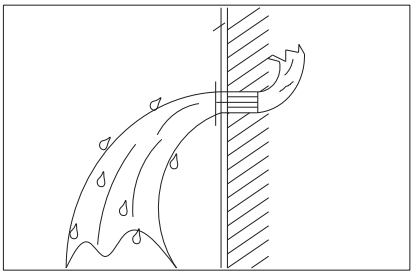
2. The cartridge in the main body has been tested and adjusted in the factory. DO NOT REMOVE IT OR TAKE IT APART.

3. Before installing your new faucet, thoroughly flush the supply pipes to ensure removal of any debris to avoid and prevent clogs.

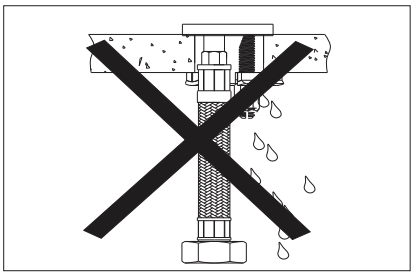
4. After installation, check the supply pipes for any leakage and adjusts if necessary.



Do not take the faucet apart



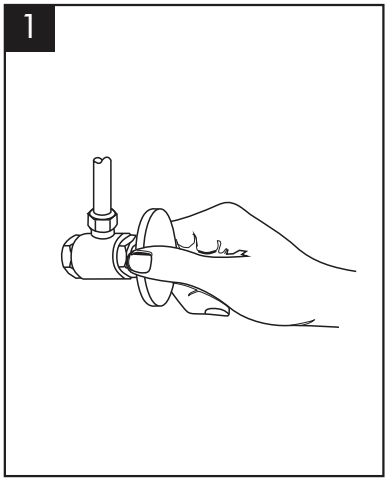
Keep the supply pipes unblocked



No leakage in the connection

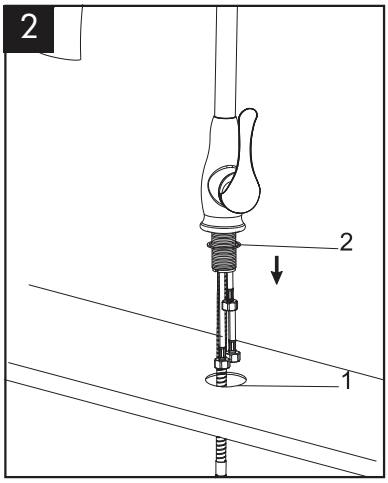
INSTALLATION

1



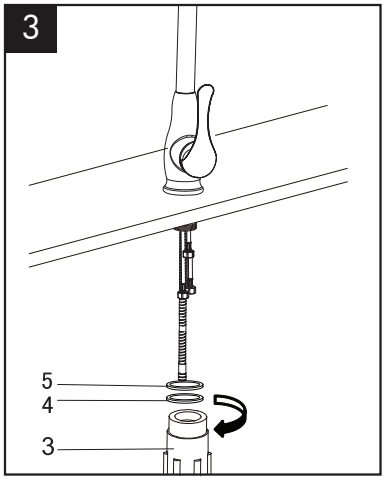
Clean all dirt and debris from valve outlets. Turn off water supply valves. If you are replacing an existing faucet, remove the faucet fromo the sink and clean the sink surface thoroughly.

2



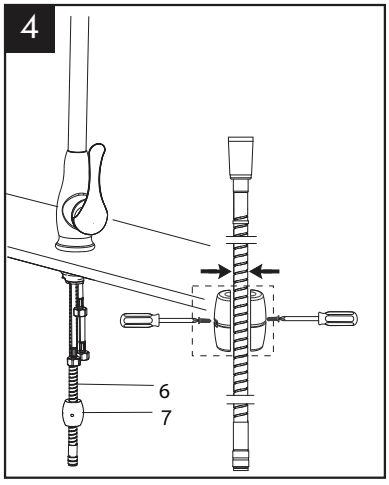
Put rubber washer (2) into base groove, then insert faucet into sink/counter hole (1).

3



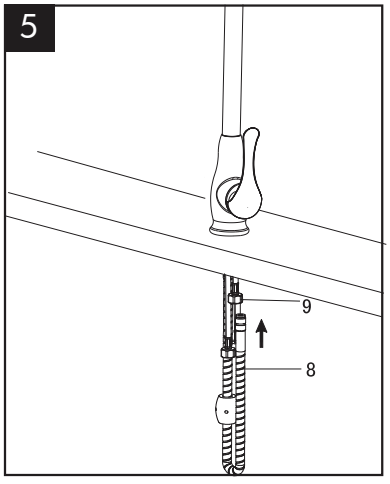
Put all hoses through the plastic gasket (5) then through the metal gasket (4). Finally, screw the locking nut (3) and firmly tighten the faucet to the sink/counter.

4



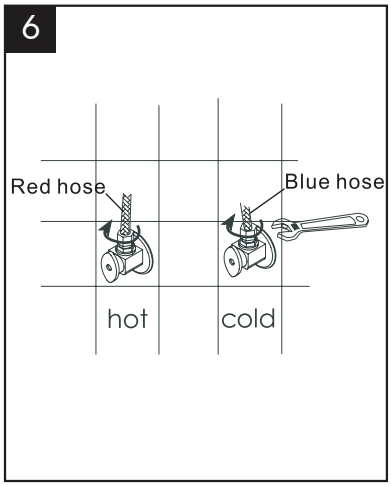
Affix weight balance (7) at a suitable position on the flexible hose (6) to keep the spray head from extending too far.

5



Connect the hose (8) with the outlet pipe (9).

6

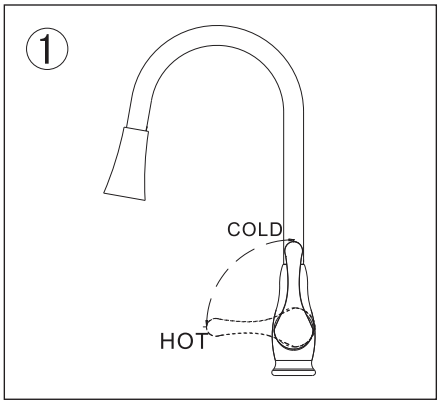


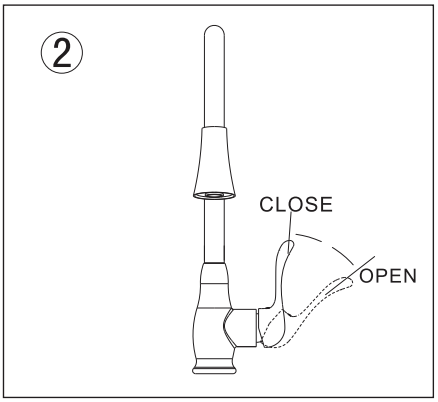
Check the flexible hoses are clean and clear of debris, then connect them to the water supply valves.

OPERATION

1. Move the handle to left for hot water; move the handle to the right for cold water.

2. Pull the handle outward turn on the faucet; push it inward to turn off the faucet.





One (1) Year Limited Warranty

Italia Faucets, Inc. warrants to the original purchaser that its products will be free from defects in workmanship and materials. This faucet is provided with a one (1) year limited warranty. This warranty does not cover any other labor or service charges associated with the removal, repair, or reinstallation of Italia Faucets products. This express warranty does not apply to products that have been damaged as a result of misuse, abuse, negligence, accident, fauly installation or maintenance practices and/or used in any manner contrary to those recommended by the manufacturer.
